## HOW TO USE LIVE TRANSCRIPT

#### Tech Host Forum – March 12, 2021 Connie Brunt, Zoom Support & Training Team

Can only be enabled by HOST (not Co-Hosts) by clicking on *CC/Live Transcript* control.

## After clicking on CC/Live Transcript Control, these options appear for HOST.

Enable Auto-Transcription to turn on Captions

#### Disable Auto-Transcription to turn off Captions

Once Host has enabled Live Transcript, Co-Hosts and Participants will see the *CC/Live Transcript* Control and a pop-up notice that notifies them that Live Transcript is available.

When Participant clicks on *CC/Live Transcript* control, this pop-up menu appears. Each person controls whether to display captions on own device.

Participant clicks Show Subtitle to display closed captions.

> Participant clicks *Hide Subtitle* to turn them off.

#### Closed captions appear at the bottom of the screen and do <u>not</u> interfere with Participant's view of shared slides or videos when <u>not</u> in Full Screen view.

Participant can adjust the size of the Captions they see by clicking on *CC/Live Transcript* control and choosing *Subtitle Settings*.

#### Participant also can view a complete transcript by choosing View Full Transcript in CC Live Transcript menu options.

## Clicking on the View Full Transcript button opens a text box that records everything being said.

Full Transcript can be merged to side of screen by clicking on small *Merge to Meeting Window* control at bottom.

## Participant can save transcript to personal Zoom file under Documents with *Save Transcript*.

# iPad/iPhone users can choose whether to see Closed Captions in their Zoom application *Meeting Settings*.
